

## Newsletter August 2020

Ich möchte mich heute reduzieren auf einen eben erhaltenen Brief von Marko Pogačnik an alle Menschen, die momentan daran mitwirken wollen, dass die großen, unmittelbar bevorstehenden Weichen in Richtung eines lebendigen, (ko-)kreativen Lebens in Gemeinschaft mit allen Wesen der irdischen Schöpfung, anstatt in die andere Richtung einer verroboterisierten, total überwachten Gesellschaft gestellt werden.

Wir befinden uns inmitten äußerst heftiger astrologischer Konstellationen. Mögen sich viele Menschen guten Willens zusammenfinden, um das Beste in die Wege zu leiten!

Die angesprochene telepathische Meditation findet Ihr ab kommenden Freitag (auch auf deutsch) kostenlos unter dem im Brief angegebenen Link.

Hier in der Zaunreiter-Akademie besteht diesen Mittwoch die Möglichkeit zur gemeinsamen Gaia-Touch-Praxis (vorverlegt).

In herzlicher Verbundenheit

Barbara

Markos Brief:

Dear friends, known and unknown, co-creators of the telepathic workshops,

I hope you are not tired of the telepathic kind of work, born under the (continuing) Covid lockdown situations of 2020!

From my experience of the socialist Yugoslavia I know that those awful decisions that concern the

wellbeing of citizens were often made in the month of August when people were on holidays not being attentive. Something similar happens now.

My intuition, my dreams and my close co-workers tell me that right now the humanity stands on a decisive crossroads. One road leads towards a complete robotisation of our society and control over the individual. The other road leads towards co-creation with the beings of this wonderful Earth, those visible and invisible, and towards peace among peoples of the human race.

It needs a relative large group to express the decision which of the two paths we want to walk in the next years and onward towards the future.

It is not enough to express the decision mentally. The decision needs to be expressed through different languages and in a multidimensional way. I firmly believe that the language of the telepathic workshops is a proper venue to express such a decision.

.....

Regarding the enthusiastic response to different telepathic projects and relating to my own experience I believe that we are doing a valuable work for now and for the future.

Love and thanks, Marko Pogačnik UNESCO Artist for Peace, UNO Goodwill Ambassador, Šempas, Slovenia, 3.8.2020
